February 2011-January 2018

**We have
Achieved
Our 7 YEARS
Goal... Perhaps
now it is time to say
GOOD BY !**

Over the last seven years we have been touched by so many amazing concerned citizens in our communities, who have allowed us to share, for at least a moment... Part of their pathways, as we tried to offer a community service, to benefit all of us, who share all of our communities!

And for this... Kate and I Thank You!

Notice from the Editor - Dennis Williams

As from this issue, Kate and I have decided to only use our Web Site

<http://sanctuarypointaconcernedcitizensnewsletter.com>

As a means of distributing our Newsletters.

February 2014 saw the introduction of our web site four years ago and we have to-date had 23,615 hits on our front web page.

Our intention is to discontinue hard copies and emails as a means of distribution and solely utilise the wider means of distribution through our web site.

We believe our web site can be better utilised, than a monthly container for our Newsletters and will allow us to concentrate on other issues within an earlier time frame; advertising for local businesses, not being constricted to limited number of pages per issue, better use of our "Around and About," "Editorial," and the "Gallery" pages, in the interest of our web site viewers.

Who knows!! I might even try out our viewers with some of my poetry or short stories... but which ever way we progress, we will always be thinking of our viewers and how best we can offer our community services, to the local and wider communities of "The Concerned Citizens" of our Towns and Villages... Wherever You Call Home!!

To all of our Newsletter supporters, Kate and I trust you will appreciate using our Web Site in the future and you will always find something of interest, that will keep you coming back for more! Love and Regards, Dennis and Kate

These are the shovels that turned the first sod, that officially gave us the official nod, that a promise is a promise and must be kept... Well at least from Shelley Hancock, we know what to expect...

Huskisson Primary Public School annual school awards presentation was held in the great hall at Vincentia High School on the 12th December 2017

with School Principal Mr Glenn Sansom welcoming his special guests and all in attendance on the evening.

Kate and I were privileged to have been asked to represent the Hon. Shelley Hancock MP - NSW State Member for the South Coast and Speaker of the Legislative Assembly, to present Miss Maggie Smith with her Public Speaking Award.

A large audience of parents, teachers, pupils and guests were, comfortably accommodated in the great hall and were not disappointed with the presentations on the evening.

The school choir took to the stage and moved the audience to a resounding applause of their approval and the dignified way they farewelled the six class pupils as they move on to High School!

Tallowa Dam

Tallowa Dam catchment area is located in Kangaroo Valley; it is owned and operated by the Sydney Catchment Authority.

📷 Tallowa Dam in Kangaroo Valley.

During the mid 1970's Sydney's water supply was assessed as inadequate for Sydney's growing population, so with the assistance of the Snowy Mountains Hydro-Electric Authority the Shoalhaven Scheme commenced construction. The scheme was designed to supply local communities and to supplement other Sydney's storages during times of drought.

Water is also released from Tallowa Dam into the Shoalhaven River to enable the Shoalhaven City Council to extract water from the river to supply Nowra.

CARD SKIMMING

It's been two weeks since the last riveting episode of On The Beat and I am sure everyone is excited to get their hands on this week's amazing column chock full of exiting tips and tricks to reduce crime in the Shoalhaven. Well hold on, because here it is!

Card skimming reared its ugly head last weekend at a local financial institution. A skimmer device was located in an ATM by a member of the public who had just made a withdrawal from the ATM.

This is a reminder to be aware at all times because the scammers are out there.

The Community Portal: http://www.police.nsw.gov.au/community_portal/about-the_portal

Where no emergency exists and no immediate police response is required, registered community members can initiate lost property, intentional damage and graffiti and theft police reports through the NSW Police Force Community Portal.

All online report information will only ever be reviewed and held by the NSW Police Force. Information provided will always be secure and confidential. Once a report is submitted, a new 'reference' number is automatically generated and a notification will be sent electronically via email.

As each online report is submitted, the NSW Police will continue to perform the same checks as if the report was made on the phone or at a police station. As the report is updated a status notification is electronically sent to the community member.

While I was away there has been a number of steal from motor vehicles in the Old Southern Road, Carrington Park and Twin Waters areas.
