# Commissioning of the Bay & Basin Patient Transport Service Bus.

12th June 2014

It was a day to remember as a gathering of Dignitaries, VIP's, Directors and Management and Staff of the St Georges Country Club, Southern Region Staff from the Cancer Council of NSW, Volunteer Drivers of the Patient Transport Bus, Local Media and Win Television, Members from the Bay & Basin Cancer Support Group and many other interested Ladies and Gentlemen who attended on the day to witness Richard (Dick) Manwarring and his wife Joan cut the Ribbon to officially Launch

the Commissioning of the Transport Service, that will convey cancer patients to and from the Shoalhaven Cancer Care Centre, where they will attend for their various forms of treatment.

My appreciation is extended to the South Coast Register, who took the photos on this page, as I was engaged as the Master of Ceremonies on the day and was unable to take my own photos.

Thank You South Coast Register!

## Crime, Community and Our People.

On Thursday 26th June 2014 Detective Inspector Craner - Southern Region command and a number of fellow Police Officers, made a drop in at the Sanctuary Point shops, for a chat and a get to know the people.

The Lexus GS 450h Road Safe - Southern Command Police Vehicle made a great hit with many of the locals and some even got to sit in the vehicle, while they casually spoke with the police present.

It may be sometime before we get a Police Station at

Sanctuary Point, but! When we get a roll-up of Police, like we got on Thursday...

**It is nice to know we are not forgotten!**

The sight of the storm water concrete pipes at Mac Gibbon Parade Old Erowal Bay on the 6th June 2014, gives assurance to the family living on the edge of the exposed drain, it will be closed in shortly. It also shows Shoalhaven Council not only listening to our concerns, but doing something to make the area safe.

## Congratulations Shoalhaven City Council

**The Honourable Shelley Hancock MP  
Speaker of the NSW Legislative Assembly  
Member for the South Coast in her June 2014  
Newsletter, ran an article on “New Laws to Pro-  
tect Property From Bushfires.”**

**Mrs Hancock reported that South Coast residents will be given additional powers to protect their homes from bushfires, with new laws being introduced by the NSW Government to make it easier to clear trees and vegetation from around a property.**

**Under the proposed new laws people with homes in a bushfire zone will be able to clear trees within 10 metres of their house. They will also be able to clear shrubs and other vegetation, except for trees, within 50 metres of their house. The location of the designated bushfire zone areas - known as a ‘10/50 vegetation clearing entitlement area’ - will be determined by the RFS.**

**I respectfully applaud any changes to the Law’s of the land, where it may save lives and property of resident living in close proximity to our Australian rugged bushland, that may be determined - ‘Bushfire Zone by the RFS,’ But having recently been contacted by a resident, who lives in in such a property between 113 and 133 Tallyan Point**

**the build up of bush vegetation of trees, shrubs and leaves, decaying in the bush behind their property, where repeated calls to the Nowra Fire Brigade and Shoalhaven Council have only resulted in “we will look into it!”**

**I have recently made personal contact with this person and accompanied him on a rough walk through the area of concern. From my own experience of the surrounding bush and tall timber, both living and dead wood, I took many photos and could only feel compassion towards the gentleman, his wife and family and their neighbours in the line of sight, should this area ever ignite and engulf their properties.**

**I have include a few of the photos I took on the day, on page 8 and 9 of this newsletter, but although a picture ‘may tell a thousand words,’ believe me, they do not express the sheer lack of maintenance and bush management that has, if ever; gone into this bush lands, so close to residential property, apart from the erection of the ‘Welcome to Public Reserve,’ signs.**

**Basin View like so many of the Villages of the Bay & Basin, is expanding in area and numbers and attracts its share of tourists for the Shoalhaven. It could attract a lot more, if a little more care was made in capitalising on pleasant bush walks and a good clean up of the rotting bush fuel, just waiting to erupt, with possible dire consequences. Please help protect their HOMES!**

**If you think something is Wrong, phone it in on the POLICE ASSISTANCE LINE... call 131 444** It will be recorded as an Incident and passed on to the appropriate Police Station to follow up ... It will also become a Statistic and they can be used for the allocation of Police in your local area.

**Remember...** It will be recorded as an incident in the area where it occurred and when allocating additional resources to an area, priority is usually given to the areas, where phoned in incidents are reported... These indicate where hot spots are and need additional resources!

**HELP THEM! ... HELP US! ...PHONE IT IN! 131 444**

If it is an **EMERGENCY** ... call **000** and ask for Police.

or **CRIME STOPPERS** ... call **1800 333 000**

**When you have had enough! ... Remember ... If you want to stop Crime... I mean...You really want to stop Crime... Commit yourself to a SIGNED STATEMENT and you will REALLY give your POLICE something to WORK WITH!**
