CCTV Cameras

Wouldn't it be nice if all of our Law Makers took a course in Engineering, then perhaps, all of their decisions would need to work, first time! before being set lose on the public, who are expected to accept their credibility! Time & Time again!

Last month I included an issue why CCTV should stay in the Shoalhaven, along with many other proponents on the same topic, who explained why CCTV should stay in the Shoalhaven, such as State Premier of NSW Mr Barry O'Farrell MP who quickly stepped forward and said, CCTV should stay in the Shoalhaven and then the Prime Minister of Australia, Ms Julia Gillard said that the CCTV should stay in the Shoalhaven and then Ryde Police Station said... Yes! CCTV should stay in the Shoalhaven.

The Shoalhaven issue was very topical and finding a solution, was very prompt and timely executed. Within a few weeks, CCTV cameras were turned back on and doing what CCTV does best...“WATCHING” Thank goodness for commonsense and expeditious, Politicians and Law Enforcers. if we all lived in a perfect world, we would not need “CCTV,” and we would all! Still be window shopping at night?

I will never understand, how the reasoning of the few, can say that CCTV, that granted, play a watching roll in our societies, are an invasion of privacy! Is it not a fact, that since time immemorial, a natural instinct of every sighted human being, is to display “Watching,” as we all go about our daily lives, is it not so, that if anything is the invasion of privacy, it is not the CCTV's or Human Beings, it is in fact the image, of what is captured, which is doing the invasion of privacy, throughout our societies!

Since the CCTV was turned back on in Junction Court, there was an incident reported of a youth being bashed by two 14 and 15 year old youths and another two. Police were able to identify and speak to the 14 and 15 year old youths, from images captured on CCTV... This I believe to be commonsense and expeditious law enforcement procedure, not! An invasion of privacy on the part of a CCTV camera, which was simply just “WATCHING”!

**What do we want?
CCTV cameras in SANCTUARY POINT...
When do we want them?... NOW!**

Ann Sudmalis
Liberal Candidate for Gilmore

Coming to your area soon

Come and have your say!

Dear Gilmore resident,
we are about ²4 months from the next Federal election, September 14.
You will probably have some questions; about policies, about Australia's future or about me as the candidate, on

Wednesday 12th June

I will be at the following places and times,

- SANCTUARY POINT:** 10.00 – 11.00am,
Outside Sanctuary Point IGA, 14 Paradise Beach Rd
- ST GEORGES BASIN:** 12.00 – 1.00pm,
Outside Mellies Café Gallery, 122 Island Point Road
- BASIN VIEW:** 2.00 - 3.00pm,
Outside the Basin View Pharmacy, Tallyann Point Rd

Hopefully I get the chance to meet you and hear your concerns. If not there's a quick survey on the back of this form.

You can scan and email to ann@annsudmalis.com.au or post to PO BOX 1002, NOWRA 2541

Thank you

This is your opportunity to get to know... Who is Ann Sudmalis? And have your say, on what you want, for our Village on the Basin... SANCTUARY POINT. Wednesday 12th June 2013... 10.00 — 11.00am.

If you wish to post this form back, the address is PO BOX 1002, NOWRA 2541.

Thank you

16 May 2013

The Retailer/Occupier
SANCTUARY POINT NSW 2541

Dear Sir/Madam

**Proposed One Way Traffic Flow – Un-Named Service Lane
Paradise Beach Road, Sanctuary Point**

Council is considering implementing a one way traffic flow (west to east) in the un-named service lane that services the Francis Ryan Reserve and the rear of the shops on Paradise Beach Road, Sanctuary Point, with the view of improving road safety in the area and minimising the damage caused to drainage infrastructure by larger vehicles entering from the north-eastern entrance.

In view of addressing the safety concerns raised, Council is considering installing:

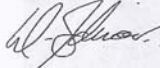

- Regulatory signage and line marking required to effectively implement and enforce the proposed one way traffic flow.

The detail of the proposal is included on the attached sketch.

Council's policies and guidelines indicate that community consultation regarding the proposal should be conducted, prior to making a decision. Accordingly, Council is seeking your view on the proposal prior to making any changes. It would be appreciated if your comments could be received by 21 June 2013. Comments can be forwarded to Council's General Manager via email (council@shoalhaven.nsw.gov.au) or in the enclosed self addressed envelope.

If you need further information about this matter, please contact Mr Wayne Schnoor, Strategic Planning & Infrastructure Group on (02) 4429 3315. Please quote Council's reference 17372E (D13/114458).

Yours faithfully

Wayne Schnoor
Traffic Investigation Officer

Congratulations are in order for Shoalhaven City Council, on their forward thinking, with their consideration of implementing a one way traffic flow from left to right, in the un-named service lane between Frances Ryan Reserve and the rear of shops on Paradise Beach Road Sanctuary Point.

Apart from other safety factors, heavy vehicle operators will have a wider carriage way to manoeuvre and a longer, clearer vision, of vehicles and school children entering and exiting the Sanctuary Point Primary School and car park alongside of the school and Frances Ryan Reserve.

Inserted as a community service by the editor, as a concerned citizen of Sanctuary Point, in support of a better and safer approach for all concerned.

**Proposed One Way Traffic Flow -
Un-named Service Lane at the rear of the Sanctuary Point Shopping Centre**

The Wool Road and MacGibbon Parade Intersection Upgrade has commenced and should be completed by Mid July.

This will be received by the residents of Old Erowal Bay in a very positive way, as they have had this issue on a concerned list for quite some time and will go a long way of giving added protection to residents and visitor alike, when exiting and entering MacGibbon Parade.

As this intersection is a primary intersection, also used by Sanctuary Point traffic along the Wool Road to and from Jervis Bay Road. We also can thank Council for the upgrade and while road work is being completed, like the Old Erowal Bay residents, we all need to take care, for the safety of the workers and residents alike!

Media Release

4 June 2013

Council to commence The Wool Road intersection upgrade

Shoalhaven City Council is warning motorists of potential delays at the intersection of The Wool Road and MacGibbon Parade, Old Erowal Bay as Council undertakes road works in the area.

The works will see an upgrade of the existing intersection, development of a turning bay for east-bound traffic turning right into MacGibbon Parade as well as the introduction of a painted median strip.

Council staff are currently removing a number of large trees and other vegetation on the western side of The Wool Road prior to the commencement of road works in the coming week.

To compensate for the loss of these trees Council will be replanting and revegetating an old stockpile site immediately adjacent to the works site.

While the road will remain open throughout the works Council is advising residents that motorists may experience short delays during the rehabilitation period.

Funding for this \$135,000 project has been made available through the Australian Government's Nation Building Black Spot Program.

Works are expected to be complete by mid July, weather dependent.

Council apologises for any inconvenience caused by the road works.

Free and Confidential
Legal Advice Clinic for Bay & Basin Residents

Shoalcoast Community Legal Centre Solicitors have commenced offering face to face appointments on the **second Friday** of each month at the **Bay & Basin Community Resource Centre** in Sanctuary Point from 12.30-2.30pm.
