Bomaderry Paper Mill
1957 - ????

Although over 5,000 signatures have been received to SAVE THE BOMADERRY PAPER MILL The Parent Company Nippon Paper had not made a decision on the Operation's future and it would appear the decision may not be known, until December 2014 or January 2015.

The presentation of signatures to Barnaby Joyce MP planned for 3rd December 2014 and together with delegates at the October 2014 Local Governments Conference voting to support a call for NSW Councils to buy Australian Made Paper ,is encouraging for the Paper Mill!

The motion was put forward by Shoalhaven Council and despite opposition from the Greens, the motion was passed. Councillor Greg Watson who put the case for the Shoalhaven Paper Mill said it is now up to the Local Government Executive to encourage the state's 150 plus councils to support local jobs.

You can still add your name

Hello, My name is Dennis Williams, I am the Editor and publisher of the Sanctuary Point A Concerned Citizens Newsletter and on behalf of my wife Kate and myself, I thank all of the reader's and supporters of my newsletter, for your encouragement, to keep on producing a monthly copy for the concerned citizens of our Towns and Villages, who we believe! Are the heart and sole of the places, that we all call home!

This volume is our forty sixth volume, almost four years, since commencing back in February 2011 and do you know what? It only seems like yesterday when we started volume 001. Thank you to some of the most wonderful people, both Kate and I have come to know and think of as friends and others who we think of often, because we all belong to the same largest volunteer group in the world, "The Volunteer Concerned Citizens Group," who, when I asked you to support me, when I was a little splinter and we could make a tree, you responded and instead of a tree, we have made a forest.

Vigilantly Groups, Night Time Citizen Patrols and Taking things into our own hands! is stepping outside of the Law and I thought that's what the criminals do! If you think that is right... Then you also ,are one step from becoming the criminal, who deserves the heavy hand of the Law to also bring you into check, before anarchy feeds on stupidity! And sees you locked away, to be despised by the communities that you thought... You call home!

If you had the opportunity to have been at the Community Meeting on the 27th October 2014 at Sanctuary Point and filtered out the baggers, you would know that the Politicians, Police present and most of the concerned citizens present, all know that the magic wand, is just that! And they don't have one of those... Yes! They would all like to provide what we all want, but! Like the rest of us, they are after all , capable of only so much and if someone higher up or if the honey pot has dried up, then there is no sugar left in the pot to feed the ants, let alone to spend millions on tens of thousands, when they can not provide the services for the hundreds of thousands, in other places... We are not alone in NSW there are MILLIONS of US who feel deprived.

If you really want to make a difference in your community, commit yourself to a signed statement when you see a wrong taking place in your community and do not stop phoning the numbers on my back page... If it's important enough, make the effort to call into your local Police station, or ask a Police officer to call at your address... It is you who can make the difference... LAWFULLY!

Hear ye!

Our Federal Member for the seat of Gilmore, Mrs Ann Sudmalis MP just keeps on keeping her promises and the following media release, is one promise that the Shoalhaven really does need , to maintain the importance of HMAS Albatross as a primary employer, Military establishment and Training Facility for Navy and Army well into the future.

\$200 MILLION, 380 SHORT TIME JOBS during construction and 80 LOCAL JOBS TO MAINTAIN AND RUN THE FACILITY WELL INTO THE FUTURE!

“ WELL DONE ANN SUDMALIS MP... YOU HAVE DONE IT AGAIN!”

ANN SUDMALIS MP
Federal Member for Gilmore

MEDIA RELEASE

ALBATROSS TRAINING SCHOOL TO BRING \$200 MILLION & 380 JOBS TO GILMORE

Alongside Defence Minister David Johnston and the Chief of Navy Vice Admiral Timothy Barrett AO CSC RAN, Gilmore MP Ann Sudmalis today enthusiastically announced that Defence's new Helicopter Aircrew Training System (HATS) facility will be entirely located at HMAS Albatross near Nowra.

The HATS project represents around a \$200 million dollar investment in new and refurbished facilities at HMAS Albatross, which in turn will create around 380 short-term jobs during construction, and an additional 80 local jobs to maintain and run the facility into the future.

"Today's announcement means that all Navy and Army aircrew will, from 2018, do all of their initial helicopter training in Nowra - a massive win for Nowra, and a massive win for HMAS Albatross," Mrs Sudmalis said.

"HMAS Albatross is unique in that we have valleys and dense bushland to the west, coastal and cliff conditions to the north and south, and clear oceans to east. What better conditions could you ask for a helicopter training school?"

"There were a number of locations considered across Australia for the HATS facility, but I fought hard for this facility to be built locally, as I knew HMAS *Albatross* was the best fit.

"Defence is currently worth around \$180 million a year to the Shoalhaven economy, and with today's announcement, this amount will dramatically rise over coming years.

"By choosing to locate the HATS facility here in Nowra, a region with chronic unemployment and an undersupply of jobs, the Government has shown their confidence in the people of the Shoalhaven, and continued commitment of Nowra to be a Navy town.

"We should never forget that Labor promised to relocate HMAS Albatross to Queensland at the last election, by moving most of our helicopter and naval assets to Brisbane.

"My number one promise when I was elected at the last election was to defend our base, and defend Nowra as a Navy town. Today's announcement, after many months of fighting and advocating for our region, is just another example of keeping my promises," Mrs Sudmalis said.

23 October 2014

If you think something is Wrong, phone it in on the POLICE ASSISTANCE LINE... call 131 444 It will be recorded as an Incident and passed on to the appropriate Police Station to follow up ... It will also become a Statistic and they can be used for the allocation of Police in your local area.

Remember... It will be recorded as an incident in the area where it occurred and when allocating additional resources to an area, priority is usually given to the areas, where phoned in incidents are reported... These indicate where hot spots are and need additional resources!

HELP THEM! ... HELP US! ...PHONE IT IN! 131 444

If it is an **EMERGENCY** ... call **000** and ask for Police.

or **CRIME STOPPERS** ... call **1800 333 000**

When you have had enough! ... Remember ... If you want to stop Crime... I mean...You really want to stop Crime... Commit yourself to a SIGNED STATEMENT and you will REALLY give your POLICE something to WORK WITH!
