68 Pro's and 76 Am contested the Pro-Am during, what turned out to be an extremely windy day, that certainly did not favour either the Pro or the Am and the final scoring reflected the tough conditions on the day!

This being the first Pro-Am I had entered and despite of the windy weather and my dismal Amateur

score on the day, I have absolutely no regrets of a single moment of the day and I considered myself privileged, to have played beside Professional John Price and Robert McConnell and fellow Amateur Ray Pacheco. The golf course was in top condition, thanks to the course staff and as I had been allowed to take photographs, with permission from the Golf Club and the two professionals in my group, I was most impressed of being a participant in my first Pro-Am and I would seriously encourage any Golfer to sign-up when they have an opportunity to be part of a Pro-Am in their community! Here are but a few photos I took on the day...

As the Editor of the Sanctuary Point A Concerned Citizens Newsletter, I am pleased to insert this notification free of charge, as a Community Service and promoting employment in the Shoalhaven!

Wayne Beehag is professional... He has to be, when you are called upon to service over grown Cocos Palms like I have just had removed, you need to be and you need the

proper gear to do the job safely... I was just amazed how he went about the job and how well he cleaned up after

the Palms came down... If you need a Tree Service, then Wayne is your Man... He looked after us and he can look after you!

Thank You Wayne for a job well done!

Learn more about the Proposed Special Rate Variation

Shoalhaven City Council is inviting the community to learn and provide comment on the proposed Special Rate Variation. Council is proposing to apply to the Independent Pricing and Regulatory Tribunal for a continuation of the 13.2% rate increase that was applied to ratepayers this year. The previous increase was only approved to be implemented for a one-year period and Council is seeking for this increase to remain in place for the future.

As part of this application Council will also be seeking a 5% rate increase (including the rate peg) for each of the next three years. This increase is to meet the ongoing maintenance and renewal needs of our community infrastructure. The proposed increased revenue will fund maintenance and improvements to Shoalhaven roads, parks, sport fields and other community assets. Learn more [here](#).

In the simplest terms, the general purpose rate increase means you would pay 5% more than the current year. If your general rates were \$1000 in 2017/18 they will be \$1050 in 2018/19.

The Special Rate Variation and the Delivery Program and Operational Plan documents will be on exhibition until 23 November 2017 and can be found on Council's [website](#) and at administration centres. Alternatively contact Council on Tel: 4429 3111 to get a Special Rate Variation information pack sent to you.

Council will be hosting three public meetings to provide the community with more information and facts on the proposed Special Rate Variation. The community is encouraged to attend one of the public meetings which will be held on:

Tuesday, 31 October 2017 at 7.00pm at Huskisson Community Centre

Wednesday, 1 November 2017 at 7.00pm at Ulladulla Civic Centre - Auditorium

Monday, 13 November 2017 at 7.00pm at the Nowra School of Arts

The public meetings will provide an opportunity to learn more about the Special Rate Variation proposal directly from Council's General Manager and Directors, senior staff and Councillors, who will all be in attendance to engage in discussions and answer questions.

All welcome, no RSVP required.

Water Restrictions

<http://shoalwater.nsw.gov.au/Community/Water-Restrictions>

Although there are currently no restrictions in place in the Shoalhaven, customers are still encouraged to use water wisely. Water restrictions will sometimes be enforced.

The Shoalhaven water supply is designed to be secure but there will be times under prolonged drought conditions when Shoalhaven Water will be forced to restrict water usage in order to preserve the City's supplies to meet essential needs.

When the Shoalhaven region experience an extended dry period and the long term outlook by the Bureau of Meteorology indicates a lower than normal prediction for good rainfall, Council has a duty to follow the Drought Management Plan which encompass these events

Minor Fender Bender

Don't you just hate it, one minute you are backing out of your car space at the local shopping centre and the next minute you hear a bang, the car shudders and people start looking your way. It is then you realise that you have been in a minor fender bender. Some people in this situation panic. They have a quick look around and drive from the

scene thinking that they have made a clean getaway, the perfect crime! Or so it seems.

Now days with the advent of in car video, mobile phones, CCTV , registration numbers and the good old witness at the scene has reduced the odds of the perfect getaway. As an added bonus, if you drive away from a minor collision you will certainly attract the attention of police and subsequently receive Infringement notices or court papers.

The right way: If you are involved in a minor collision police do not have to attend as long as you observe the following criteria.

- No person is anyone trapped, killed or injured.
- No drivers appear affected by alcohol or drugs.
- No person has failed to stop or exchange details.
- There are no hazards present (eg. leaking fluids, damage to power poles / structures, etc).
- There is no obstruction to the safe and free flow of traffic.
- No person is significantly distressed needing police assistance.
- No person involved in the crash on reasonable grounds has requested police to attend; or
- There are no other issues requiring police attendance (eg. aggressive / criminal behaviour).

What to do next:

1. Move vehicles off or to side of roadway (if safe to do so).
2. Exchange details with the other parties.
3. Promptly leave the crash site.
4. If anyone is later treated for an injury, call the Police Assistance Line on 131444 as soon as possible.

Just remember, if you have a prang and drive away from the scene without exchanging details you will be committing an offence and you will be dealt with accordingly. **There is no excuse.**

Remember: Do not Drink and Drive and you can Dob in a Druggie any time you like, by contacting Nowra Police or ringing Crime Stoppers.

As always, in case of emergency, call (000)
